## Compliance Statement

*Effective: April 11, 2018*

### **We herewith confirm, that:**

The products (listed below) produced by carbon dioxide extraction technology are by definition “flavouring preparations” according to the Council Directive 1334/2008 EEC in the active version in force.

The raw materials used for the manufacture of these products are in full accordance with the Commission Regulation (EC) No 396/2005 of the European Parliament on maximum residue levels of pesticides in or on food and feed of plant and animal origin and amending Council Directive 91/414/EEC.

Furthermore, where applicable, the raw material used are in full accordance with Commission Regulation (EC) No 1881/2006 setting maximum levels for certain contaminants in foodstuffs (mycotoxins and heavy metals).

Finally we conform that the raw materials used comply to the safety requirements as laid down in Commission Regulation (EC) 178/2002.
